

# 20 Project Ideas For Beginners

Sourena  
Self Made Coders

**M;** Self Made  
Coders

When you don't have any  
working experience

**your portfolio is everything!**

Here are few ideas!

*Golden idea in the last slide \**

Make it red! :)

# Front End Developers

Potfolio website

Clone a website

Show the weather (Work with API)

Quiz website

Different components (pricing, gallery,...)

# Back-End Developers

User Authentication

Web Crawler app

Simple CMS

Movie API

E-Commerce website

# Android Developers

Wether app

Uber Clone

Parental Control app

Finance log app

User Authentication (with google, facebook)

# ios developers

Chatting App

Instagram Clone

ToDo List app

Facebook/Google login

Tip Calculator

If you don't have enough time  
and just want to create one app

Try **cloning the website/app of the  
company you want to apply for**

you don't need to build a full fledged  
app just few of the features

**why?**

this shows you really care and are  
familiar with some of the challenges.
